In making this analysis, it seemed best to first set forth the dominant problems, along with an explanation of why they are problems. Then some solutions will be offered to each set of problems. And finally, the problems and their hopeful solutions will be arranged in the order of what is considered their priority on the practical level. Each problem area will be given a title to help focus ...

Global sustainability – social, economic, and environmental—is best served by an emergent leadership metaphor that serves the triple bottom lines of profits, people, and planet of the 21st century global corporation: transcendent leadership. Introduced as a global imperative at the 2007 World Economic Forum meeting in Davos, Switzerland (Useem, 2007, pp. 1-2), transcendent leadership had ...
