Most trains on the New York City Subway are manually operated. The system currently uses Automatic Block Signaling, with fixed wayside signals and automatic train stops. Many portions of the signaling system were installed between the 1930s and 1960s. Because of the age of the subway system, many replacement parts are unavailable from signaling suppliers and must be custom built for the New ...

Permalink. I was at Subway on Market Street and we ordered food to eat there and charge our phones and a man walked up and told us we could not sit there. The next time we went in he came up with another man and said we had to leave and nothing happened. This man was only looking for trouble for no reason. There is another woman who comes in and she reads her newspaper and no one says anything to ...

There's something wonderful about personality tests—the idea that you can put yourself into a category (or categories), just like that, is so relieving and self-satisfying.. I'm an introvert and an extrovert!. I'm sensitive, but strong-minded! I'm destined to marry rich! (Alright, that's my horoscope.) But it really is a cool concept, and while we can understand that these quizzes ...

The Birth of Probability and Statistics The original idea of "statistics" was the collection of information about and for the "state". The word statistics derives directly, not from any classical Greek or Latin roots, but from the Italian word for state.. The birth of statistics occurred in mid-17 th century. A commoner, named John Graunt, who was a native of London, began reviewing a weekly ...
