HP Network Management Center (NMC) is a suite of integrated HP software solutions used by network managers in information technology departments. The solutions allows network operators to see, catalog and monitor the routers, switches and other devices on their network.

HP Network Management Center - Wikipedia

1 Results depend upon unique business environment, the way HP products and services are used and other factors. Overall printing costs are unique to each company and should not be relied upon for savings you may achieve. According to industry analysts, savings of up to 30% are typical with Managed Print Services.
