First: Chill out, I was not trying to bash you. Your answer was up for review and I didn't flag it for deletion but asked you to clarify. I'm sorry if I offended you. Second: I reread the question and it says nothing about comparing values, and accessing different sheets is already covered in the accepted answer. Third: I know you declared value2 but Value2 is a property of Range.

More Sight Word Books. After creating the first 26 sets to use alongside Reading the Alphabet, I've had requests for more books. I'm creating additional sets. These later sets loosely correlate with my free phonics books.. When I have a large collection, these will also be available for purchase in a bundle pack.
