South Western Taxation Solutions

The name "South Africa" is derived from the country's geographic location at the southern tip of Africa. Upon formation, the country was named the Union of South Africa in English, reflecting its origin from the unification of four formerly separate British colonies. Since 1961, the long form name in English has been the "Republic of South Africa".

State policy toward cannabis is evolving rapidly. While much of the debate around legalization has rightly focused on potential health and criminal justice impacts, legalization also has revenue implications for state and local governments that choose to regulate and tax cannabis sales. This report describes the various options for structuring state and local taxes on cannabis and identifies
